

What can you see at the beach?

One wonderful whale,
spurted water in the air.
One wonderful whale,
I had to stop and stare.

Two terrific turtles,
big flippers either side,
Two terrific turtles,
through the sea I saw them glide.

Three skinny sea stars,
with five arms; long and thin.
Three skinny sea stars,
I saw their spikey skin.

Four speedy seals,
were swimming through the sea.
Four speedy seals,
they stopped and looked at me.

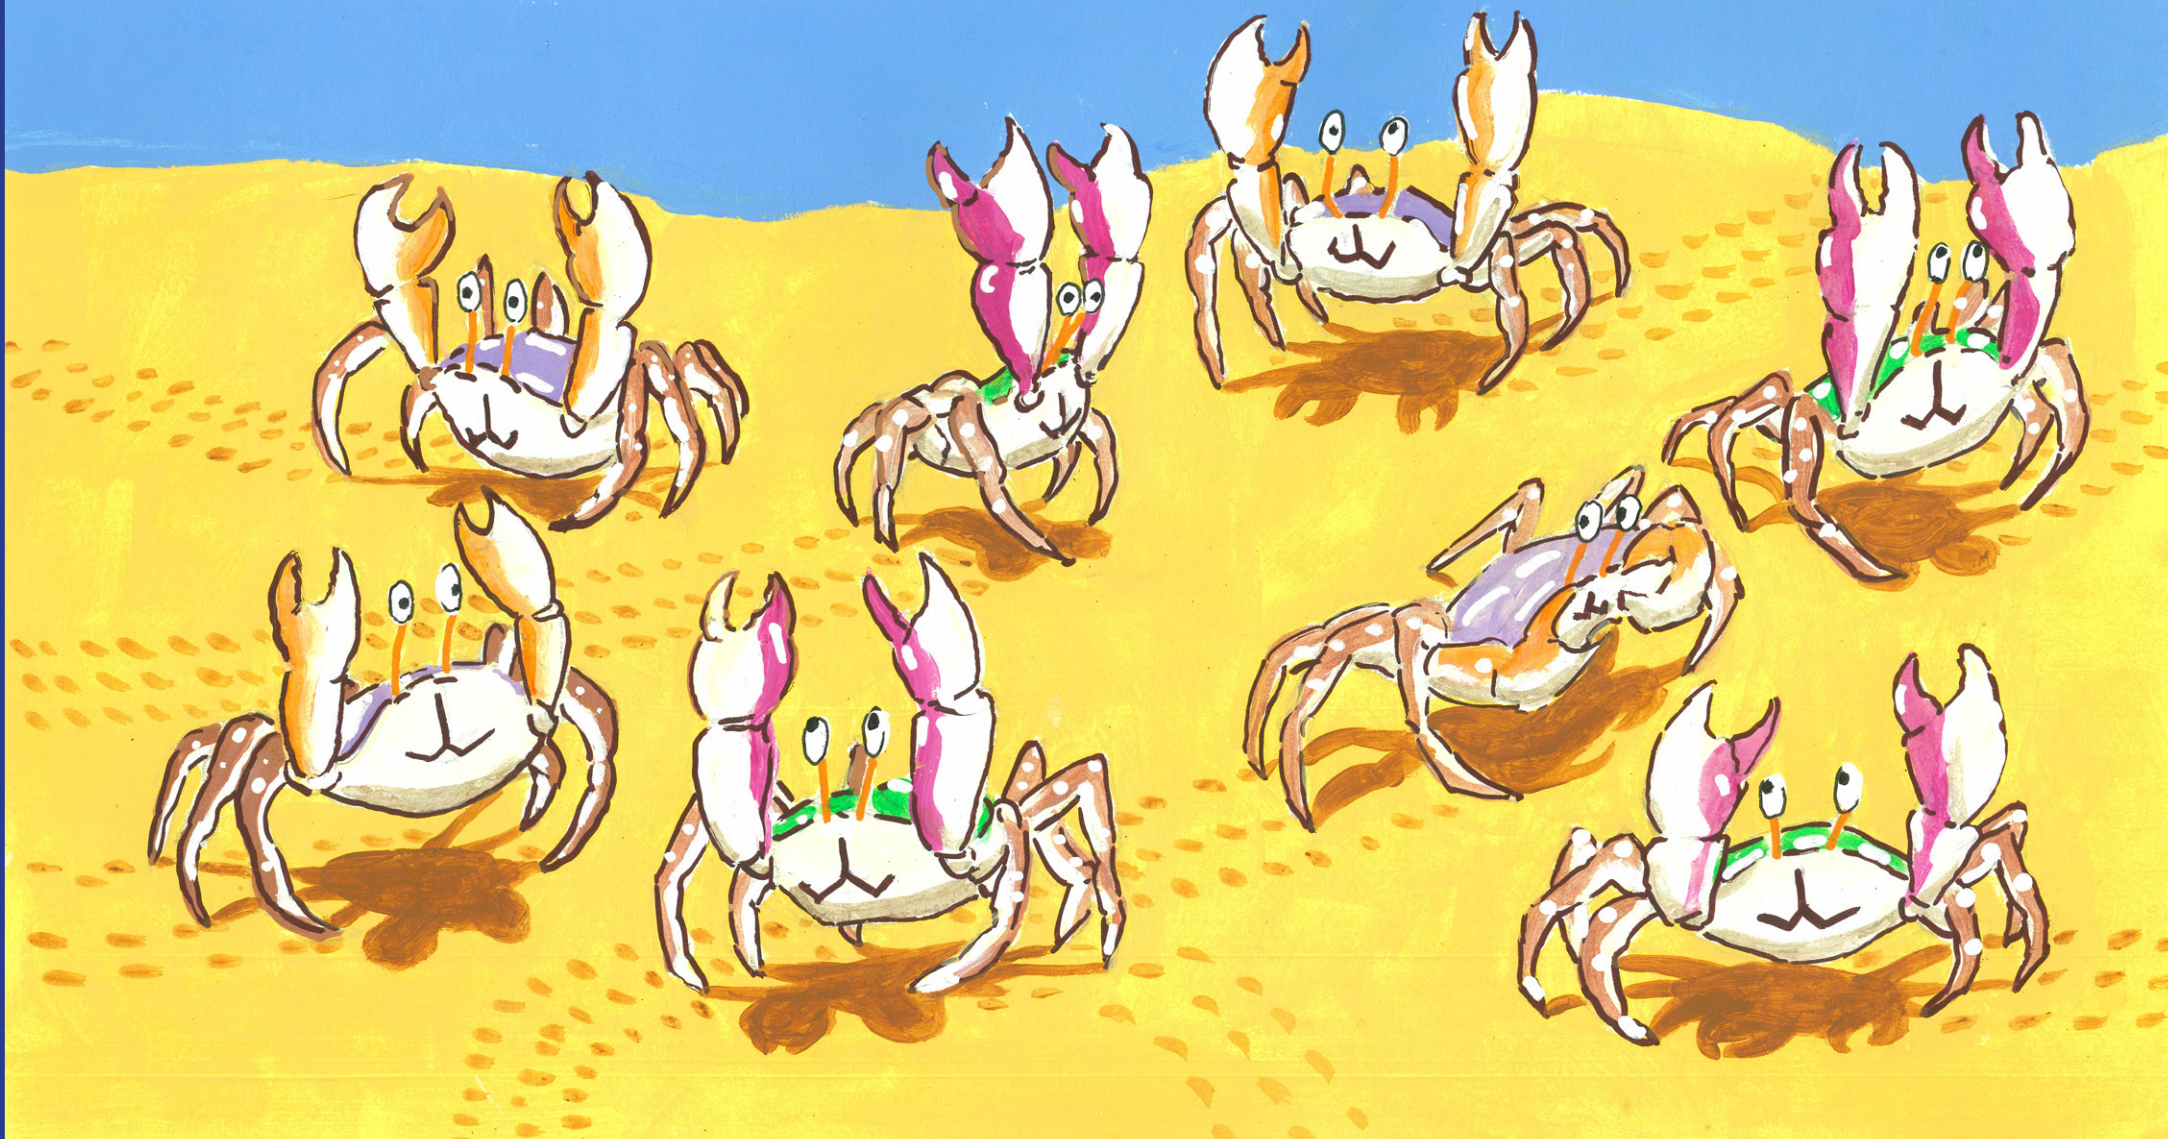

Five shiny shells,
I found them on the sand.
Five shiny shells,
felt smooth against my hand.

Six dancing dolphins,
I heard them splash and play.
Six dancing dolphins,
they leapt and spun all day.

Seven squawking seagulls,
stole chips out of my hand.
Seven squawking seagulls,
left footprints in the sand.

Eight crawly crabs,
held their nippers in the air.
Eight crawly crabs,
they scurried here and there.

Nine flashy fish,
were swimming side by side.
Nine flashy fish,
I saw them swim and hide.

Ten tiny toes,
paddled in the sea.
Ten tiny toes,
and they belong to me!
